Dual Listing

Companies traded in the USA and on the London, Hong-Kong, Singapore & Toronto Stock Exchanges (Main Markets) can dual-list their shares on the TASE. Dual-listing, which does not entail significant costs, imposes no additional regulatory burden and offers continuous trading from 10:00 to 23:00 (Israeli time), for companies listed in the USA.
There are currently 49 dual listed companies on TASE and USA or London or Toronto.
For more information about Dual Listing on TASE.

TASE & Singapore Exchange (SGX) Established Partnership to Grow Cross-Border Capital Raising Opportunities for Technology Companies.

Globalization

Israel is classified as a "developed market" by MSCI, FTSE and S&P and is included in the following international indices: MSCI World, MSCI KOKUSAI, MSCI Europe & Middle East, MSCI EAFE, MSCI EASE, the FTSE All World, FTSE Med-100 indices, and S&P Developed BMI. Trading on TASE is conducted through its members, which include Israeli and international banks and investment houses.
